

Land Conservation Committee

January 3rd, 2018

Attendees:

Dr Annabelle Juhasz

David Hoppe

Martha Maust

Meeting called to order at 4:10PM by Dr. Juhasz

Continued discussion of donation of Long Beach property to Save the Dunes and it's implications.

Discussed the idea to have a meeting in the spring that would have information and presentation of tree planting instructions. And possibility to ask State Rep Scott Pelath to do a tree giveaway as he does at the Michigan City Farmers Market. Could also have some activities for children. Further discussion to occur.

Martha states that she will be out of town for the month of February and David will be absent February and March. So next meeting planned for April 4th 2018.

Respectfully submitted,
Martha Maust
