

Land Conservation Committee Meeting
November 6, 2109

Attendees:

Annabelle Juhasz
Paul Fithian
Joy Schmidt
Rachel Stadlet
Martha Maust

Meeting called to order at 4:05PM by Dr. Juhasz.

A new town council will be voted in and the new town president will decide on the new sub-committees that will be in place. All members present indicated that they would be willing to continue to serve on the committee.

Martha created a Facebook page for the Long Beach Nature Preserve which includes the nature trail off Karwick Rd. across the road from Hacienda. Joy will ask Nick Meyer to post the page on the Long Beach website if possible.

There will be a presentation by Joy Schmidt and David Hoppe to the next town council meeting to consider possible joint venture with Save the Dunes on the Long Beach dunes that are contiguous with the Stockwell Woods currently managed by Save the Dunes. A report will be made on this at the next meeting December 4th.

Respectfully submitted,
Martha Maust
