

Wednesday May 1, 2019

Attendees:

Annabelle Juhasz

Paul Fithian

Martha Maust

Meeting called to order at 410PM by Dr Juhasz.

Dr Juhasz had spoken with Bob McFadden about the possibility of another eagle scout needing a project. He said there is one and a project that could be done by a scout would be to help delineate the path on the Long Beach Park Trail.. So updated signage would be helpful for people to walk the trails. Bob felt that there may be a need to mentor the eagle scout in this project, so Paul Fithian is willing to mentor the scout in this project. Further discussion on this project in the next meeting.

No makeup date for Stockwell Woods volunteer day has been setup yet.

Respectfully submitted,

Martha Maust

PS The makeup date for Stockwell Woods will be on Friday May 31 10am-12pm. Equipment will be supplied, but it's encouraged for everyone to bring their own water bottles.
