

Attendees:

David Hoppe

Annabelle Juhasz

Joy Schmidt

Martha Maust

December 5, 2018

Meeting called to order at 4:15PM by Dr Juhasz, chair

It's unable to know the condition of the trees that were planted in the spring of 2018 due to the severe damage to the trunks. But they all have a protective tube around the trunk, so we'll wait until spring to see if they have been saved.

Save the Dunes is waiting for Long Beach fire chief and State approval for the controlled burn in Stockwell Woods. Progress has been made to create bonfire sites with the dead wood, so preparation is complete and will plan for the burn in the winter when there is some snow cover.

Joy will continue to work on simplifying the tree ordinance.

We will discuss planning a tree care, planting, and information session about trees.

Adjourned at 500pm

Respectfully submitted,
Martha Maust
