

Long Beach Park Board
Meeting Minutes from 3/28/18
Long Beach Town Hall, 6:00pm

- I. Call to Order
- II. Quorum: Kathryn De La Barre, Zach Neff, Jerri Massey. Five residents were present.
- III. Approved February minutes.
- IV. Garden club – the presentation for the community center courtyard garden is deferred to April. Community center to review in their next meeting.
- V. Activities coordinator position is posted. As candidates apply, will try to group interviews together so an appointee from the board and the community center can arrange to interview them at the same time.
- VI. Kendra met with Tom at the stops scheduled for work this year. Current plan is to work 18, 19, 22, 26, and 30 (adding 19 to this year's plan because street work needs to be done for drainage). Encroachment issues exist at 18 and 30. Town is sending letters to owners and working the issue with attorney regarding how to proceed. Plans will move forward for 19, 22, and 26 while waiting on resolution on 18 and 30.
- VII. Other improvements being reviewed are garbage bins enclosures at the community center, tennis courts, and Melrose park.
- VIII. Signage – not yet ordered, working on wording.
- IX. Joy is expected to share how many people she's heard from who are for the "clean stops" rule vs. who is against it at the next town council meeting.
- X. Brian spoke with Elliot from Down to Earth about adding irrigation at Melrose park. There will be a control box that will need to have an enclosure inside the park fence.
- XI. Adjourn
- XII. Next meeting 4/25/18, 6pm, Town Hall
