

Long Beach Street Commission Minutes
Wednesday January 16, 2019 5:30 PM

Members Present: Tom Dolph, Brian Hogan, Jane Neulieb, Dan Tannas

Street sweeper repair authorization is being addressed with Town Council, street Department personnel will do repairs if possible to minimize expenses

Street Department will align permit procedures with Laporte County's and will email each permit to the Water Department prior to approval. This should preclude problems and allow for follow up on any issues

Next deadline for paving grant procedures with Haas Engineering is October. Any future grant applications will require Title VI plans. The Department will designate a coordinator for this

Drain pipe has been leaned out and grate reconfigured at Stop 29 to improve drainage

Drainage problems at Stop 23 and other areas will need to be addressed in spring when weather permits

Paving work for the next season will be listed on the town website to inform residents

Snow removal equipment is operational and ready for the weeks to come

Meeting adjourned 6:15 PM
